

# Kodak i1300 Series Scanners

## An awesome combination of performance and value, for all your departmental scanning needs.

Let's get right to it - the **Kodak** i1310 and i1320 Scanners deliver the highest level of capability and affordability of any product in their category. This is true breakout performance, with ease of use, versatility and image quality that sets a new benchmark.

## Flexibility to meet wide-ranging needs

You can auto-feed virtually any document, from the size of a business card up to 863 mm long - at speeds up to 60 pages per minute. Scan both sides of documents in a single pass and output images in colour, bitonal or greyscale.

Our smart touch feature allows you to easily select the right scanning application for all kinds of jobs. At the touch of a button, scan documents to:

- file
- e-mail

- printers
- other desktop applications that support TIFF, JPEG, RTF, PDF and searchable PDF output

In addition, the i1300 Series Scanners have a unique tilt-and-scan feature that allows you to easily select the best scanning position for your job:

- Flat with trays extended for higher-volume batch scanning
- Fully upright with the input tray folded down for ad hoc and transaction feeding (your scanner can even be positioned up against a wall and still auto-feed documents)

And there's an optional tethered flatbed accessory (A4 size) for maximum convenience. In just seconds, attach the flatbed and scan your exception documents at up to 1200 dpi optical resolution. When you're finished, simply unplug and store the flatbed. It's that easy!

## Get exceptional image quality

The i1310 and i1320 models feature 600 dpi optical resolution and enhanced Perfect Page image processing, a Kodak exclusive. This gives you images of exceptional quality - about as automatically as it gets. No need for rescans!

## NEW best-in-class Warranty

- 3 for free: the scanner comes with a 3 years Warranty with Advanced Unit Replacement (AUR) in one business day with no extra costs.
- You can upgrade your warranty to a 3 years Warranty Enhancement with next business day on-site service.
- Contact the Kodak Scanner Hotline for technical support, available in major European languages from 9:00 to 17:00 (CET).
